RE: Locating Pretrial Detainees

Thank you for your participation in our district's Criminal Justice Act panel. The court appreciates the work that you do in representing your clients.

When your clients are detained pending trial, or pending sentencing, they are sometimes moved from one correctional facility to another. Some of you have asked whether the United States Marshal's Service might be able to provide post-transfer location information to counsel. USMS is not willing to do that at this time.

In order to facilitate locating your clients, USMS instead suggests the following:

- (1) Encourage your clients to call you immediately after a transfer.
- (2) Call USMS to confirm a client's location prior to any in-person visit.
Fargo - Dave Behm, 701-297-5763, or FayeMajerus, 701-297-5781.
Bismarck - Ken Gordon, 701-333-0641, or Angel Pederson, 701-333-0660.
- (3) Check for a client's location via correctional facility websites.
